Apart from promoting your books assiduously on-line, there are a number of different methods that may enable you to promote more books.

One is to give something away without spending a dime together with your ebook, similar to a invaluable bonus item. Or bundle several ebooks underneath one worth, which lowers the price for each e-book if they had been bought separately.

An efficient technique for figuring out a worth is to send out a survey to your present customers. If these clients have already bought an e-book from you, ask for his or her opinion by way of price. Do this by making a sales page for the new e-book, but do not embody a value on that page. Instead, add a variety of hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other strategy is to check out costs by making a number of duplicate gross sales pages with totally different prices on each page. Ensure your sales copy is strictly the identical on every web page, and contains your selling-handle sentence. Then figure out for each web page the conversion ratio between visitors to your web site and gross sales of your book. This can let you know what your optimum worth is.

Finally, when you've written a book that solves a downside or presents a brand new approach, your e-book will bring in both traffic and profits.
