One is to give something away without spending a dime along with your e book, corresponding to a helpful bonus item. Or bundle several ebooks below one value, which lowers the worth for each e book if they were sold separately.

An efficient approach for figuring out a worth is to send out a survey to your present customers. If these prospects have already purchased an book from you, ask for his or her opinion in terms of price. Do that by making a sales page for the brand new guide, however don't include a worth on that page. As a substitute, add plenty of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another technique is to check out prices by creating a number of duplicate gross sales pages with completely different prices on every page. Be certain that your sales copy is exactly the same on

every page, and includes your selling-deal with sentence. Then work out for every page the conversion ratio between guests to your web site and sales of your book. This will let you know what your optimum value is.

Ultimately, in case you've written a guide that solves a downside or presents a new method, your book will bring in both traffic and profits.
