promotional material, and each time anyone asks you about your ebook.

Another technique is to check out costs by creating a variety of duplicate sales pages with different prices on each page. Make certain your gross sales copy is exactly the identical on every page, and consists of your promoting-handle sentence. Then determine for every web page the conversion ratio between visitors to your site and gross sales of your book. It will let you know what your optimum value is.

Ultimately, should you've written a ebook that solves a drawback or presents a new technique, your ebook will bring in each site visitors and profits.
