An efficient method for figuring out a price is to ship out a survey to your present customers. If these clients have already purchased an e book from you, ask for his or her opinion in terms of price. Do that by making a gross sales page for the brand new e book, however don't include a price on that page. Instead, add plenty of hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another technique is to check out costs by creating a number of duplicate gross sales pages with totally different costs on every page. Make sure that your gross sales copy is exactly the similar on each page, and contains your selling-handle sentence. Then figure out for each web page the conversion ratio between guests to your web site and sales of your book. This will tell you what your optimum price is.

In the end, in the event you've written a book that solves a problem or presents a new approach, your guide will bring in both visitors and profits.
