An effective method for determining a value is to ship out a survey to your current customers. If these customers have already bought an e-book from you, ask for his or her opinion when it comes to price. Do this by creating a sales web page for the brand new book, however don't embrace a price on that page. Be certain your gross sales copy is exactly the similar on every page, and includes your selling-handle sentence. Then determine for each page the conversion ratio between visitors to your website and gross sales of your book. This can let you know what your optimum value is.

In the end, if you happen to've written a e-book that solves a problem or presents a brand new approach, your guide will usher in both site visitors and profits.
