Apart from promoting your books assiduously online, there are several different strategies that may help you promote more books.

One is to offer something away at no cost with your guide, akin to a priceless bonus item. Or bundle a number of ebooks under one price, which lowers the price for each e-book if they had been bought separately.

An effective approach for figuring out a worth is to ship out a survey to your present customers. If these prospects have already purchased an e book from you, ask for his or her opinion by way of

price. Do that by making a sales web page for the new book, but don't embody a price on that page. As a substitute, add a variety of hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another technique is to check out costs by creating a number of duplicate gross sales pages with completely different costs on each page. Be certain that your gross sales copy is precisely the same on every web page, and includes your promoting-handle sentence. Then determine for each web page the conversion ratio between visitors to your site and sales of your book. It will let you know what your optimum value is.

In the end, for those who've written a e book that solves a drawback or presents a new technique, your ebook will bring in both visitors and profits. So you'll want to write that selling-deal with sentence that sums up what downside your book solves and what the benefits of your 131 book shall be to the shoppers who buy it.
