An effective technique for determining a price is to send out a survey to your present customers. If these clients have already purchased an e book from you, ask for his or her opinion when it comes to price. Do that by making a gross sales web page for the new e book, but do not include a price on that page. on every web page, and includes your selling-handle sentence. Then determine for each page the conversion ratio between guests to your web site and gross sales of your book. This can tell you what your optimum worth is.
