An effective approach for figuring out a value is to ship out a survey to your current customers. If these prospects have already purchased an ebook from you, ask for his or her opinion by way of price. Do that by creating a sales web page for the new ebook, but don't embody a value on that page. Instead, add numerous links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other strategy is to check out costs by making a number of duplicate gross sales pages with

completely different costs on each page. Make sure that your sales copy is strictly the identical on every web page, and includes your selling-handle sentence. Then determine for each web page the conversion ratio between visitors to your web site and gross sales of your book. This will tell you what your optimum worth is.

Finally, if you happen to've written a book that solves a drawback or presents a new approach, your e book will bring in both visitors and profits. So be sure to write that promoting-handle sentence that sums up what downside your e-book solves and what the advantages of your 1400 e book might be to the shoppers who buy it.
