One other technique is to test out costs by creating a number of duplicate sales pages with different costs on every page. Ensure that your sales copy is exactly the identical on each page,

and contains your promoting-handle sentence. Then work out for each page the conversion ratio between visitors to your website and sales of your book. This will tell you what your optimum price is.

In the end, when you've written a book that solves a downside or presents a new technique, your guide will bring in both site visitors and profits.
