Do that by creating a sales page for the new book, but don't include a worth on that page. As a substitute, add a variety of links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other technique is to check out prices by creating a variety of duplicate sales pages with different costs on each page. Make sure your gross sales copy is precisely the similar on every page, and consists of your promoting-handle sentence. Then work out for each page the conversion ratio between guests to your website and sales of your book. This may inform you what your optimum value is.

In the end, in case you've written a e-book that solves a drawback or presents a new technique, your
