An effective method for determining a price is to ship out a survey to your current customers. If these customers have already bought an e-book from you, ask for their opinion by way of price. Do this by making a gross sales page for the new e book, but don't include a worth on that page. Make sure your gross sales copy is strictly the same on every web page, and contains your selling-handle sentence. Then determine for every web page the conversion ratio between guests to your website and gross sales of your book. It will let you know what your optimum price is.
