sales at an excessive price. If your ebook solves a problem or answers questions in a brand new and distinctive method, you must price your e book as high as you'll be able to go. If you want to see massive profits over customer draw, goal for an audience that is on the lookout for straightforward options to their problems at a low price. If your ebook is geared toward solving one particular drawback relatively than common advice, then you possibly can charge more. Start at the highest worth the market will bear to herald the largest income, and plan to low cost the e book a variety of times throughout the year.
