An effective method for figuring out a value is to send out a survey to your current customers. If these customers have already bought an e book from you, ask for their opinion when it comes to price. Do that by creating a sales page for the brand new e-book, but don't embody a worth on that

page. As a substitute, add numerous links to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other strategy is to check out prices by making a number of duplicate sales pages with completely different prices on each page. Make certain your gross sales copy is strictly the same on every page, and includes your promoting-handle sentence. Then work out for each page the conversion ratio between visitors to your web site and gross sales of your book. This may tell you what your optimum value is.

In the end, if you happen to've written a e book that solves a drawback or presents a brand new method, your book will herald each traffic and profits.
