sales and promotional materials, and every time anybody asks you about your ebook.

Another technique is to test out prices by creating a number of duplicate sales pages with completely different costs on each page. Make sure your sales copy is exactly the same on each web page, and contains your promoting-handle sentence. Then determine for each web page the conversion ratio between visitors to your website and sales of your book. This will let you know what your optimum worth is.

In the end, in case you've written a guide that solves a drawback or presents a brand new technique, your e-book will bring in each site visitors and profits.
