An efficient method for figuring out a value is to send out a survey to your current customers. If these customers have already bought an book from you, ask for his or her opinion when it comes to price. Do this by creating a gross sales web page for the new guide, however don't embrace a price on that page. As an alternative, add quite a lot of links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other strategy is to check out costs by creating a number of duplicate sales pages with totally different prices on every page. Be certain your sales copy is precisely the similar on every page,

and includes your selling-handle sentence. Then figure out for every page the conversion ratio between visitors to your web site and gross sales of your book. This will let you know what your optimum worth is.

Finally, if you've written a ebook that solves a downside or presents a brand new technique, your guide will usher in both visitors and profits. So be sure to write that promoting-deal with sentence that sums up what downside your e book solves and what the benefits of your 2056 book will likely be to the shoppers who buy it.
