An efficient technique for figuring out a price is to send out a survey to your present customers. If these prospects have already bought an e book from you, ask for his or her opinion by way of price. Do that by creating a gross sales web page for the brand new book, however don't embrace a price on that page. Instead, add a variety of hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other strategy is to check out prices by creating a variety of duplicate gross sales pages with different costs on every page. Make sure that your gross sales copy is strictly the same on every

page, and includes your selling-handle sentence. Then figure out for every page the conversion ratio between visitors to your web site and gross sales of your book. It will inform you what your optimum price is.
