An effective technique for determining a worth is to ship out a survey to your current customers. If these customers have already bought an e book from you, ask for their opinion when it comes to price. Do that by creating a sales page for the brand new e book, however do not embrace a worth on that page. Instead, add various hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to check out costs by creating a number of duplicate sales pages with totally different prices on each page. Make sure your gross sales copy is precisely the similar on every

page, and contains your selling-deal with sentence. Then figure out for each web page the conversion ratio between visitors to your website and gross sales of your book. This can let you know what your optimum value is.

In the end, when you've written a ebook that solves a downside or presents a new approach, your book will bring in both traffic and profits. So be sure to write that promoting-handle sentence that sums up what downside your guide solves and what the benefits of your 2238 book will probably be to the purchasers who buy it.
