Another strategy is to test out costs by creating a number of duplicate sales pages with completely different prices on each page. Make sure that your sales copy is precisely the same on each web page, and includes your promoting-handle sentence. Then figure out for each page the conversion ratio between visitors to your web site and sales of your book. It will tell you what your optimum worth is.

Finally, for those who've written a e-book that solves a downside or presents a new method, your guide will herald each traffic and profits.
