If these customers have already purchased an e-book from you, ask for their opinion when it comes to price. Do this by making a gross sales web page for the new e-book, but do not embody a price on that page. Instead, add a number of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other technique is to test out prices by making a variety of duplicate sales pages with different prices on each page. Be certain that your gross sales copy is exactly the identical on every page, and contains your promoting-deal with sentence. Then determine for every web page the conversion ratio between guests to your site and gross sales of your book. This can inform you what your optimum value is.

Ultimately, in case you've written a book that solves a downside or presents a new technique, your e-book will bring in both visitors and profits.
