and promotional materials, and each time anybody asks you about your ebook.

An efficient technique for figuring out a worth is to send out a survey to your present customers. If these customers have already purchased an ebook from you, ask for his or her opinion by way of price. Do this by creating a gross sales web page for the brand new book, but do not embody a worth on that page. One other strategy is to check out prices by making a variety of duplicate sales pages with different prices on each page. Ensure your gross sales copy is exactly the identical on every web page, and contains your promoting-deal with sentence. Then figure out for each web page the conversion ratio between guests to your web site and sales of your book. This can let you know what your optimum price is.

Finally, in the event you've written a e book that solves a drawback or presents a new technique, your ebook will usher in both traffic and profits.
