An efficient technique for figuring out a worth is to send out a survey to your current customers. If these clients have already purchased an ebook from you, ask for their opinion in terms of price. Do this by making a sales web page for the brand new e book, but don't include a price on that page. As a substitute, add plenty of hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other technique is to test out costs by creating a variety of duplicate sales pages with totally different costs on each page. Ensure that your gross sales copy is exactly the similar on each page,

and includes your promoting-handle sentence. Then determine for each page the conversion ratio between guests to your site and gross sales of your book. This will inform you what your optimum value is.

In the end, if you happen to've written a e-book that solves a downside or presents a new approach, your book will bring in both traffic and profits.
