An effective technique for figuring out a value is to ship out a survey to your current customers. If these prospects have already purchased an ebook from you, ask for his or her opinion in terms of price. Do that by making a sales page for the new e-book, but don't embrace a worth on that page. Instead, add quite a few hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another technique is to check out prices by creating a variety of duplicate gross sales pages with different costs on each page. Make certain your sales copy is strictly the same on each page, and contains your promoting-handle sentence. Then work out for every page the conversion ratio between guests to your web site and gross sales of your book. This may let you know what your optimum price is.

Ultimately, if you've written a e-book that solves a problem or presents a brand new approach, your book will herald each site visitors and profits. So remember to write that promoting-handle sentence that sums up what drawback your ebook solves and what the advantages of your 608 book can be to the purchasers who purchase it.
