However, if your ebook accommodates useful ? and extra importantly NEW info, references, or techniques ? then you need to goal to price it on the high end.

After you figure out your goal, it's essential to determine what your audience's want is on your ebook. For instance, does your ebook resolve a particular drawback? Remember the fact that the above pricing strategy is temporary. Ultimately, you'll stop to promote books at this excessive price. So work out upfront how lengthy you plan to supply your book at this high price, and when that time is up, change your pricing strategy.

If you wish to see large income over buyer draw, intention for an audience that's looking for easy options to their problems at a low price. In case your guide is aimed toward fixing one specific drawback slightly than normal advice, then you may charge more. Start at the highest worth the market will bear to bring in the largest profits, and plan to low cost the e book a number of instances all through the year.
