## Advertising Strategies

The important thing that unlocks the gross sales potential of your e book is to find a single sentence that becomes your promoting handle. This sentence states what question or downside your e-book answers and the advantages your book can provide. Then you should definitely use that sentence

in each piece of sales and promotional material, and every time anyone asks you about your ebook.

Apart from selling your books assiduously online, there are a number of other methods that can enable you sell extra books.

One is to provide one thing away without cost with your guide, similar to a helpful bonus item. Or bundle several ebooks below one price, which lowers the value for each ebook in the event that they have been sold separately.

An effective approach for determining a value is to ship out a survey to your current customers. If these customers have already bought an e-book from you, ask for his or her opinion by way of price. Do that by creating a sales web page for the new e-book, but do not include a value on that page. Instead, add quite a few hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another technique is to check out prices by making a variety of duplicate sales pages with different costs on each page. Be sure your sales copy is strictly the similar on every web page, and consists of your promoting-handle sentence. Then figure out for each page the conversion ratio between visitors to your site and gross sales of your book. This can tell you what your optimum value is.

Finally, if you've written a e-book that solves a problem or presents a new method, your e-book will bring in both visitors and profits.
