An effective technique for determining a value is to ship out a survey to your current customers. If these clients have already purchased an ebook from you, ask for his or her opinion in terms of

price. Do that by making a gross sales page for the new guide, however don't include a value on that page. As a substitute, add quite a few links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another strategy is to check out costs by making a variety of duplicate sales pages with different prices on every page. Ensure your sales copy is precisely the same on every page, and consists of your promoting-handle sentence. Then work out for each page the conversion ratio between visitors to your site and sales of your book. This may let you know what your optimum value is.

Ultimately, in case you've written a ebook that solves a problem or presents a new method, your ebook will herald both site visitors and profits.
