The key that unlocks the gross sales potential of your book is to discover a single sentence that turns into your selling handle. An efficient approach for determining a worth is to send out a survey to your current customers. If these clients have already purchased an book from you, ask for their opinion in terms of price. Do that by making a gross sales page for the new book, however do not embrace a price on that page. Instead, add plenty of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to test out prices by creating a variety of duplicate sales pages with different prices on every page. Be sure your gross sales copy is strictly the identical on each

page, and contains your selling-handle sentence. Then work out for every page the conversion ratio between visitors to your site and sales of your book. This may let you know what your optimum value is.

In the end, when you've written a e book that solves a drawback or presents a new technique, your book will bring in both visitors and profits.
