An efficient method for determining a price is to ship out a survey to your present customers. If these customers have already bought an ebook from you, ask for his or her opinion in terms of price. Do this by making a sales web page for the new e-book, but don't embrace a value on that page. As an

alternative, add a number of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other strategy is to check out costs by creating a variety of duplicate sales pages with different costs on each page. Be certain your gross sales copy is exactly the identical on each web page, and includes your promoting-deal with sentence. Then work out for every page the conversion ratio between visitors to your site and gross sales of your book. This will tell you what your optimum price is.

In the end, when you've written a guide that solves a problem or presents a new approach, your guide will usher in each traffic and profits. So you'll want to write that promoting-deal with sentence that sums up what problem your ebook solves and what the advantages of your 871 e book might be to the customers who buy it.
